At Beerfarm we have a simple philosophy, Established for the Future. We focus actively on sustainability and minimising our impact on the land by using fresh, local produce - sometimes as local as the paddocks you sit amongst today. Raising livestock such as our Angus cattle fed on grass and grain from the brewing process to our pigs that focus on reducing food waste. This is only the start and we are committed to continue to build on these aspects. Our animals are treated like royalty. Happy Animals = Happy Meat, best served with a tasty Beerfarm beverage. Any item marked with a \* is either made using our livestock or has been influenced by our brewery.

WE MADE THE BEER, WE RAISED THE BEEF, NOW LETS GET INTO IT!
